SECTION 20.

Said chapter is further amended by striking subsection (g) of Code Section 21-2-224, relating to official list of electors, and inserting in lieu thereof a new subsection (g) to read as follows:

?(g) The official list of electors and the official list of inactive electors prepared and distributed to the poll officers of each precinct shall include only the elector's name, address, ZIP code, date of birth, voter identification number, a designation of whether the elector registered for the first time in this state by mail and is required to comply with Code Sections 21-2-220 and 21-2-417, congressional district, state Senate district, state House district, county commission district, if any, county or independent board of education district, if any, and municipal governing authority district designations, if any, and such other voting districts, if any. The official list of electors and the official list of inactive electors prepared and distributed to the poll officers of each precinct may also include codes designating that an elector has voted by absentee ballot, has been challenged, or has been sent mail by the registrars which has been returned marked undeliverable. No person whose name does not appear on the official list of electors shall vote or be allowed to vote at any election, except as otherwise provided in this article.?

SECTION 21.

Said chapter is further amended by striking subsection (b) of Code Section 21-2-225, relating to confidentiality of original registration applications, and inserting in lieu thereof a new subsection (b) to read as follows:

?(b) All data collected and maintained on electors whose names appear on the list of electors maintained by the Secretary of State pursuant to this article shall be available for public inspection with the exception of bank statements submitted pursuant to Code Section 21-2-417(b) and the social security numbers of the electors and the locations at which the electors applied to register to vote which shall remain confidential and be used only for voter registration purposes; provided, however, that social security numbers of electors may be made available to other state agencies if the agency is authorized to maintain information by social security number and the information is used only to identify the elector on the receiving agency's data base and is not disseminated further and remains confidential.?

SECTION 22.

Said chapter is further amended by striking subsection (a) of Code Section 21-2-230, relating to challenge of persons on electors list by other persons, and inserting in lieu thereof a new subsection (a) to read as follows:

?(a) Any elector of the county or municipality may challenge the right of any other elector of the county or municipality, whose name appears on the list of electors, to vote in an election. Such challenge shall be in writing and specify distinctly the grounds of such challenge. Such challenge may be made at any time prior to the elector whose right to vote is being challenged voting at the elector's polling place or, if such elector cast an absentee ballot, prior to 5:00 p.m. on the day before the election.?

SECTION 23.

Said chapter is further amended by striking subsection (a) of Code Section 21-2-233, relating to comparison of change of address information supplied by the United States Postal Service with the electors list, and inserting in lieu thereof a new subsection (a) to read as follows:

?(a) The Secretary of State is authorized to cause at his or her discretion the official list of electors to be compared to the change of address information supplied by the United States Postal Service through its licensees periodically for the purpose of identifying those electors whose addresses have changed.?

SECTION 24.

Said chapter is further amended by striking subsection (a) of Code Section 21-2-235, relating to inactive list of electors, and inserting in lieu thereof a new subsection (a) to read as follows:

?(a) In addition to the official list of electors, the Secretary of State shall also maintain an inactive list of electors. Notwithstanding any other provision of law to the contrary, the names of electors on the inactive list of electors shall not be counted in computing the number of ballots required for an election, the number of voting devices needed for a precinct, the number of electors required to divide or constitute a precinct, or the number of signatures needed on any petition. However, any elector whose name appears on the inactive list shall be eligible to sign a petition and such petition signature, if valid, shall be sufficient to return the elector to the official list of electors if the elector still resides at the address listed on the elector's registration records and shall be grounds to proceed under Code Section 21-2-234 to confirm the change of address of the elector if the elector provides a different address from the address which appears on the elector's registration records.?

SECTION 25.

Said chapter is further amended by striking subsection (a) of Code Section 21-2-267, relating to equipment at polling places, and inserting in lieu thereof a new subsection (a) to read as follows:

?(a) The governing authority shall provide and the superintendent shall cause all rooms used as polling places to be provided with suitable heat and light and, in precincts in which ballots are used, with a sufficient number of voting compartments or booths with proper supplies in which the electors may conveniently mark their ballots, with a curtain, screen, or door in the upper part of the front of each compartment or booth so that in the marking thereof they may be screened from the observation of others. A curtain, screen, or door shall not be required, however, for the self-contained units used as voting booths in which direct recording electronic (DRE) voting units are located if such booths have been designed so as to ensure the privacy of the elector. When practicable, every polling place shall consist of a single room, every part of which is within the unobstructed view of those present therein and shall be furnished with a guardrail or barrier closing the inner portion of such room, which guardrail or barrier shall be so constructed and placed that only such persons as are inside such rail or barrier can approach within six feet of the ballot box and voting compartments, or booths, or voting machines, as the case may be. The ballot box and voting compartments or booths shall be so arranged in the voting room within the enclosed space as to be in full view of those persons in the room outside the guardrail or barrier. The voting machine or machines shall be placed in the voting rooms within the enclosed space so that, unless its construction shall otherwise require, the ballot labels on the face of the machine can be plainly seen by the poll officers when the machine is not occupied by an elector. In the case of direct recording electronic voting units, the units shall be arranged in such a manner as to ensure the privacy of the elector while voting on such units, to allow monitoring of the units by the poll officers while the polls are open, and to permit the public to observe the voting without affecting the privacy of the electors as they vote.?

SECTION 26.

Said chapter is further amended by striking paragraph (1) of subsection (b) of Code Section 21-2-286, relating to printing specifications, numbering, and binding of ballots, and inserting a new paragraph (1) to read as follows:

?(b)(1) Paper ballots other than those printed for optical scanning voting systems shall be at least six inches long and four inches wide and shall have a margin extending beyond any printing thereon. They shall be printed with the same kind of type, which shall not be smaller than the size known as 'brevier' or 'eight-point body,' upon white paper of uniform quality, without any impression or mark to distinguish one from another, and with sufficient thickness to

prevent the printed matter from showing through, except that ballots being used in primaries held by more than one party may be of different colors or may have colored stripes or blocks to distinguish the ballots if the parties so agree. Each ballot shall be attached to a name stub, and all the ballots for the same precinct shall be bound together in books of 25, 50, or 100, in such manner that each ballot may be detached from its stub and removed separately. The ballots for each party to be used at a primary shall be bound separately. The name stubs of the ballots shall be consecutively numbered; and, in the case of primary ballots, the number shall be preceded by an initial or abbreviation designating the party name. The number and initial or abbreviation which appears upon the stub shall also be printed in the upper portion of the front of the ballot, separated from the remainder of the ballot by a horizontal perforated line so as to constitute a number strip and so prepared that the upper portion of the front of the ballot containing the number may be detached from the ballot before it is deposited in the ballot box. The number strip on the ballot shall also have the following words printed thereon: "Tear off before depositing ballot in ballot box."

SECTION 27.

Said chapter is further amended by striking Code Section 21-2-287, relating to form of absentee ballots, and inserting in lieu thereof a new Code Section 21-2-287 to read as follows:

21-2-287.

The form for the absentee ballot shall be in substantially the same form as the official ballots used in the precincts, except it shall be printed with only the name stub and without a number strip and may have the precinct designation printed or stamped thereon.

SECTION 28.

Said chapter is further amended by adding a new subsection (e) to Code Section 21-2-300, relating to provision of new voting equipment by state, to read as follows:

(e)(1) Counties shall be authorized to contract with municipal governments for the use of such voting equipment in municipal elections under terms and conditions specified by the Secretary of State to assure that the equipment is properly used and kept secure.

(2) Notwithstanding the provisions of Code Section 21-2-45, counties may not levy a fee for use of state owned voting equipment but may require municipalities to reimburse the county for the actual expenses related to the election or elections that are subject to the county and municipal contract.

SECTION 29.

Said chapter is further amended by repealing Code Section 21-2-301, relating to a pilot program, which reads as follows:

21-2-301.

(a) The Secretary of State is authorized to conduct a pilot project to test and evaluate the use of electronic recording voting systems during the 2001 municipal elections. The Secretary of State in his or her discretion may select a number of municipalities to participate in such pilot program.

(b) Electronic recording voting systems used in the pilot program shall meet the requirements contained in Part 5 of Article 9 of this chapter and shall have been certified by the Secretary of State as provided in Code Section 21-2-379.2. Such voting systems shall be required to have an independent audit trail for each vote cast.

(c) The Secretary of State shall furnish the electronic recording voting systems to the selected municipalities for use in the pilot project, provided that the municipalities provide polling places with adequate electrical outlets, telephone lines, and other facilities necessary to operate such electronic recording voting systems.

(d) The Secretary of State is authorized to use different types of electronic recording voting systems in the pilot project. However, the same type system must be used in all precincts within a municipality and there shall not be any other voting systems used in that municipality for voting at the polling places on election day unless there is an emergency declared by the Secretary of State due to the failure of the system or due to the inability for any reason of the electors to be able to cast their ballots on the system. In the event of such declared emergency situation, the Secretary of State may direct the use of any method of voting authorized by this chapter in the municipal election.

(e)(1) There is created the Twenty-first Century Voting Commission. The commission shall be composed of two members appointed by the Speaker of the House of Representatives, two members appointed by the Lieutenant Governor, two members appointed by the Governor, the chief information officer for the State of Georgia or his or her designee, eight members appointed by the Secretary of State of which six shall be county or municipal election officials, the director of the Elections Division of the office of the Secretary of State, one member designated by each political body that qualified candidates in the 2000 November general election, and the Secretary of State, who shall be the chairperson of the commission. In appointing members to such commission, the Speaker of the House of Representatives, the President of the Senate, the Governor, and the Secretary of State shall ensure equal representation on the commission by each political party in their respective appointments; provided, however, that nothing contained herein shall prohibit the Secretary of State

from appointing election officials to the commission who have no political party affiliation or who are nonpartisan. The commission shall coordinate and oversee the pilot project authorized by this Code section.

(2) The commission may work with the Board of Regents of the University System of Georgia and the Department of Education in seeking avenues and incentives to encourage student participation as poll workers and in other areas of the election process.

(3) The commission shall make a report to the Governor and the General Assembly by December 31, 2001, on the results of the pilot project and shall further advise the Secretary of State on the choice of voting equipment to be used state wide in all counties pursuant to Code Section 21-2-300.

(4) Any members of the General Assembly serving on the commission shall receive the allowances authorized for legislative members of interim legislative committees. The public members of the commission who are not public employees shall receive a daily expense allowance as provided in subsection (b) of Code Section 45-7-21. Any public employee serving on the commission shall receive no compensation but may be reimbursed for expenses.

(5) The commission shall continue its work through December 31, 2002, after which time it shall stand abolished unless reauthorized and continued by the General Assembly.

(6) The Commission shall have at least one meeting in North Georgia (outside of Atlanta), one meeting in Central Georgia and one meeting in South Georgia.?

SECTION 30.

Said chapter is further amended by striking subsection (a) of Code Section 21-2-369, relating to printing of optical scanning ballots, and inserting in lieu thereof a new subsection (a) to read as follows:

?(a) The ballots shall be printed in black ink upon clear, white, or colored material, of such size and arrangement as will suit the construction of the optical scanner, and in plain, clear type so as to be easily readable by persons with normal vision; provided, however, that red material shall not be used except that all ovals appearing on the ballot to indicate where a voter should mark to cast a vote may be printed in red ink.?

SECTION 31.

Said chapter is further amended by striking subsection (e) of Code Section 21-2-379.5, relating to ballot information, and inserting in lieu thereof a new subsection (e) to read as follows:

?(e) When presidential electors are to be elected, the ballot shall not list the individual names of the candidates for presidential electors but shall list the names of each political party and body and the names of the political party or

body candidates for the office of President and Vice President. The individual names or the nominees of each political party or body for such offices shall be posted at each polling place with the sample ballots required by subsection (d) of Code Section 21-2-379.7 arranged alphabetically under the names of the candidates of the party or body for President and Vice President of the United States. A vote for the candidates for President and Vice President of a political party or body shall be deemed to be a vote for each of the candidates for presidential electors of such political party or body.?

SECTION 32.

Said chapter is further amended by striking subsection (c) of Code Section 21-2-379.6, relating to maintenance of voting systems and supplies, and inserting in lieu thereof a new subsection (c) to read as follows:

?(c) On or before the third day preceding a primary or election, including special primaries, special elections, and referendum elections, the superintendent shall have each DRE unit tested to ascertain that it will correctly count the votes cast for all offices and on all questions in a manner that the State Election Board shall prescribe by rule or regulation. On or before the third day preceding a primary runoff or election runoff, including special primary runoffs and special election runoffs, the superintendent shall test a number of DRE units at random to ascertain that the units will correctly count the votes cast for all offices. If the total number of DRE units in the county is 30 units or less, all of the units shall be tested. If the total number of DRE units in the county is more than 30 but not more than 100, then at least one-half of the units shall be tested at random. If there are more than 100 DRE units in the county, the superintendent shall test at least 15 percent of the units at random. In no event shall the superintendent test less than one DRE unit per precinct. All memory cards to be used in the runoff shall be tested. Public notice of the time and place of the test shall be made at least five days prior thereto. Representatives of political parties and bodies, news media, and the public shall be permitted to observe such tests.?

SECTION 33.

Said chapter is further amended by striking subsection (d) of Code Section 21-2-379.7, relating to preparation of polling places, and inserting in lieu thereof a new subsection (d) to read as follows:

?(d) The superintendent shall, at least one hour prior to the opening of the polls:

- (1) Provide sufficient lighting to enable electors, if needed in the voting booth, to read the ballot and which shall be suitable for the use of the poll officers in examining the booth and conducting their responsibilities;
- (2) Provide directions for voting on the DRE units which shall be prominently posted within each voting booth and at least two sample ballots for the primary

or election which shall be prominently posted outside the enclosed space within the polling place;

(3) Ensure that each DRE unit's tabulating mechanism is secure throughout the day during the primary or election;

(4) Provide at least one DRE unit accessible to disabled electors at each precinct; and

(5) Provide such other materials and supplies as may be necessary or required by law.?

SECTION 34.

Said chapter is further amended by striking Code Section 21-2-379.11, relating to procedure for tabulation of votes, and inserting in lieu thereof a new Code Section 21-2-379.11 to read as follows:

?21-2-379.11.

(a) In primaries and elections in which direct recording electronic (DRE) voting equipment is used, the ballots shall be counted at the precinct or tabulating center under the direction of the superintendent. All persons who perform any duties at the tabulating center shall be deputized by the superintendent and only persons so deputized shall touch any ballot, container, paper, or machine utilized in the conduct of the count or be permitted to be in the immediate area designated for officers deputized to conduct the count.

(b) All proceedings at the tabulating center and precincts shall be open to the view of the public, but no person except one employed and designated for the purpose by the superintendent or the superintendent's authorized deputy shall touch any ballot, any DRE unit, or the tabulating equipment.

(c) After the polls have closed and all voting in the precinct has ceased, the poll manager shall shut down the DRE units and extract the election results from each unit as follows:

(1) The manager shall obtain the results tape from each DRE unit and verify that the number of ballots cast as recorded on the tape matches the public count number as displayed on the DRE unit;

(2) If a system is established by the Secretary of State, the poll manager shall first transmit the election results extracted from each DRE unit in each precinct via modem to the central tabulating center of the county; and

(3) The manager shall then extract the memory card from each DRE unit.

(d) Upon completion of shutting down each DRE unit and extracting the election results, the manager shall cause to be completed and signed a ballot recap form, in sufficient counterparts, showing:

(1) The number of valid ballots;

(2) The number of spoiled and invalid ballots;

(3) The number of provisional ballots; and

(4) The number of unused provisional ballots and any other unused ballots. The manager shall cause to be placed in the ballot supply container one copy of the recap form and any unused, defective, spoiled, and invalid ballots, each enclosed in an envelope.

(e) The manager shall collect and retain the zero tape and the results tape for each DRE unit and place such tapes with the memory card for each unit and enclose all such items for all of the DRE units used in the precinct in one envelope which shall be sealed and initialed by the manager so that it cannot be opened without breaking the seal.

(f) The manager and one poll worker shall then deliver the envelope to the tabulating center for the county or municipality or to such other place designated by the superintendent and shall receive a receipt therefor. The copies of the recap forms, unused ballots, records, and other materials shall be returned to the designated location and retained as provided by law.

(g) Upon receipt of the sealed envelope containing the zero tapes, results tapes, and memory cards, the election superintendent shall verify the signatures on the envelope. Once verified, the superintendent shall break the seal of the envelope and remove its contents. The superintendent shall then download the results stored on the memory card from each DRE unit into the election management system located at the central tabulation point of the county in order to obtain election results for certification.?

SECTION 35.

Said chapter is further amended by striking Code Section 21-2-380, relating to definition of absentee elector, and inserting in lieu thereof a new Code Section 21-2-380 to read as follows:

?21-2-380.

(a) As used in this article, the term 'absentee elector' means an elector of this state or a municipality thereof who:

(1) Is required to be absent from his or her precinct during the time of the primary or election he or she desires to vote in;

(2) Will perform any of the official acts or duties set forth in this chapter in connection with the primary or election he or she desires to vote in;

(3) Because of physical disability or because of being required to give constant care to someone who is physically disabled, will be unable to be present at the polls on the day of such primary or election;

(4) Because the election or primary falls upon a religious holiday observed by such elector, will be unable to be present at the polls on the day of such primary or election;

(5) Is required to remain on duty in his or her place of employment for the protection of the health, life, or safety of the public during the entire time the

polls are open when such place of employment is within the precinct in which the voter resides; or

(6) Is 75 years of age or older.

(b) An elector who casts an absentee ballot in person at the registrar's office or absentee ballot clerk's office during the period of Monday through Friday of the week immediately preceding the date of a primary, election, or run-off primary or election shall not be required to provide a reason as identified in subsection (a) of this Code section in order to cast an absentee ballot in such primary, election, or run-off primary or election.?

SECTION 36.

Said chapter is further amended by striking paragraphs (1) and (3) of subsection (a) of Code Section 21-2-381, relating to making of application for absentee ballot, and inserting in lieu thereof new paragraphs (1) and (3) to read as follows:

?(1) Except as otherwise provided in Code Section 21-2-219, not more than 180 days prior to the date of the primary or election, or runoff of either, in which the elector desires to vote, any absentee elector may make, either by mail, by facsimile transmission, or in person in the registrar's or absentee ballot clerk's office, an application for an official ballot of the elector's precinct to be voted at such primary, election, or runoff. In the case of an elector residing temporarily out of the county or municipality or a physically disabled elector residing within the county or municipality, the application for the elector's absentee ballot may, upon satisfactory proof of relationship, be made by such elector's mother, father, grandparent, aunt, uncle, sister, brother, spouse, son, daughter, niece, nephew, grandchild, son-in-law, daughter-in-law, mother-in-law, father-in-law, brother-in-law, or sister-in-law of the age of 18 or over. The application shall be in writing and shall contain sufficient information for proper identification of the elector; the permanent or temporary address of the elector to which the absentee ballot shall be mailed; the identity of the primary, election, or runoff in which the elector wishes to vote; the reason for requesting the absentee ballot; and the name and relationship of the person requesting the ballot if other than the elector. Except in the case of physically disabled electors residing in the county or municipality, no absentee ballot shall be mailed to an address other than the permanent mailing address of the elector as recorded on the elector's voter registration record or a temporary out-of-county or out-of-municipality address. Relatives applying for absentee ballots for electors must also sign an oath stating that facts in the application are true. If the elector is unable to fill out or sign such elector's own application because of illiteracy or physical disability, the elector shall make such elector's mark, and the person filling in the rest of the application shall sign such person's name below it as a

witness. One timely and proper application for an absentee ballot for use in a primary or election shall be sufficient to require the mailing of the absentee ballot for such primary or election as well as for any runoffs resulting therefrom and for all primaries and elections for federal offices and any runoffs therefrom, including presidential preference primaries, held during the period beginning upon the receipt of such absentee ballot application and extending through the second regularly scheduled general election in which federal candidates are on the ballot occurring thereafter to an eligible absentee elector who lives outside the county or municipality in which the election is held and is also a member of the armed forces of the United States, a member of the merchant marine of the United States, or a spouse or dependent of a member of the armed forces or the merchant marine residing with or accompanying said member or overseas citizen. Any elector meeting criteria of advanced age or disability specified by rule or regulation of the Secretary of State may request in writing on one application a ballot for a primary as well as for any runoffs resulting therefrom and for the election for which such primary shall nominate candidates as well as any runoffs resulting therefrom. If not so requested by such person a separate and distinct application shall be required for each primary, run-off primary, election, and run-off election. Except as otherwise provided in this paragraph, a separate and distinct application for an absentee ballot shall always be required for the presidential preference primary held pursuant to Article 5 of this chapter and for any special election or special primary.?

?(3) All applications for an official absentee ballot that are distributed by a person, entity, or organization shall list thereon all of the legally acceptable categories of absentee electors contained in Code Section 21-2-380 and shall require the elector to select the category which qualifies the elector to vote by absentee ballot. No application for an official absentee ballot that is physically attached to a publication that advocates for or against a particular candidate, issue, political party, or political body shall be distributed by any person, entity, or organization.?

SECTION 37.

Said chapter is further amended by striking Code Section 21-2-383, relating to preparation and delivery of ballots, and inserting in lieu thereof a new Code Section 21-2-383 to read as follows:

?21-2-383.

(a) Ballots for use by absentee electors shall be prepared sufficiently in advance by the superintendent and shall be delivered to the board of registrars or absentee ballot clerk as provided in Code Section 21-2-384. Such ballots shall be marked 'Official Absentee Ballot' and shall be in substantially the form for

ballots required by Article 8 of this chapter, except that in counties using voting machines or direct recording electronic (DRE) units the ballots may be in substantially the form for the ballot labels required by Article 9 of this chapter. Every such ballot shall have printed with other instructions thereon the following:

'I understand that the offer or acceptance of money or any other object of value to vote for any particular candidate, list of candidates, issue, or list of issues included in this election constitutes an act of voter fraud and is a felony under Georgia law.'

The form for either ballot shall be determined and prescribed by the Secretary of State, except in municipal primaries or elections, in which the form of absentee ballots which follows the paper ballot format shall be determined and prescribed by the superintendent.

(b) Notwithstanding any other provision of this Code section, direct recording electronic voting systems may be used for casting absentee ballots in person at a registrar's office or in accordance with Code Section 21-2-382, providing for additional sites. In such cases, the absentee ballots shall be coded in such a way that the ballot of a challenged voter can be separated from other valid ballots at the time of tabulation until the challenge is resolved.?

SECTION 38.

Said chapter is further amended by striking subsections (b) and (c) of Code Section 21-2-384, relating to oath of absentee electors, and inserting in lieu thereof new subsections (b) and (c) to read as follows:

?(b) In addition to the mailing envelope, the superintendent, board of registrars, or absentee ballot clerk shall provide two envelopes for each official absentee ballot, of such size and shape as shall be determined by the Secretary of State, in order to permit the placing of one within the other and both within the mailing envelope. On the smaller of the two envelopes to be enclosed in the mailing envelope shall be printed the words 'Official Absentee Ballot' and nothing else. On the back of the larger of the two envelopes to be enclosed within the mailing envelope shall be printed the form of oath of the elector and the oath for persons assisting electors, as provided for in Code Section 21-2-409, and the penalties provided for in Code Sections 21-2-568, 21-2-573, 21-2-579, and 21-2-599 for violations of oaths; and on the face of such envelope shall be printed the name and address of the board of registrars or absentee ballot clerk. The mailing envelope addressed to the elector shall contain the two envelopes, the official absentee ballot, and the uniform instructions for the manner of preparing and returning the ballot, in form and substance as provided by the Secretary of State and nothing else. The uniform instructions shall include information specific to the voting system used for absentee voting

concerning the effect of overvoting or voting for more candidates than one is authorized to vote for a particular office and information concerning how the elector may correct errors in voting the ballot before it is cast including information on how to obtain a replacement ballot if the elector is unable to change the ballot or correct the error.

(c)(1) The oaths referred to in subsection (b) of this Code section shall be in substantially the following form:

I, the undersigned, do swear (or affirm) that I am a citizen of the United States and of the State of Georgia; that my residence address is _____ County, Georgia; that I possess the qualifications of an elector required by the laws of the State of Georgia; that I am entitled to vote in the precinct containing my residence in the primary or election in which this ballot is to be cast; that I am eligible to vote by absentee ballot; that I have not marked or mailed any other absentee ballot, nor will I mark or mail another absentee ballot for voting in such primary or election; nor shall I vote therein in person; and that I have read and understand the instructions accompanying this ballot; and that I have carefully complied with such instructions in completing this ballot. I understand that the offer or acceptance of money or any other object of value to vote for any particular candidate, list of candidates, issue, or list of issues included in this election constitutes an act of voter fraud and is a felony under Georgia law.

SECTION 39.

Said chapter is further amended by striking subsection (a) of Code Section 21-2-385, relating to procedure for voting by absentee ballot, and inserting in lieu thereof a new subsection (a) to read as follows:

?(a) At any time after receiving an official absentee ballot, but before the day of the primary or election, except electors who are confined to a hospital on the day of the primary or election, the elector shall vote his or her absentee ballot, then fold the ballot and enclose and securely seal the same in the envelope on which is printed 'Official Absentee Ballot.' This envelope shall then be placed in the second one, on which is printed the form of the oath of the elector, the name, relationship, and oath of the person assisting, if any, and other required identifying information. The elector shall then fill out, subscribe, and swear to the oath printed on such envelope. Such envelope shall then be securely sealed and the elector shall then mail or personally deliver same to the board of registrars or absentee ballot clerk, provided that delivery by a physically disabled elector may be made by any adult person upon satisfactory proof that such adult person is such elector's mother, father, grandparent, aunt, uncle, brother, sister, spouse, son, daughter, niece, nephew, grandchild, son-in-law, daughter-in-law, mother-in-law, father-in-law, brother-in-law, sister-in-law, or an individual residing in the household of such disabled elector. An elector who is confined to a hospital on a primary or election day to whom an absentee ballot is delivered by the registrar or absentee ballot clerk shall then and there vote the ballot, seal it properly, and return it to the registrar or absentee ballot

clerk. If the elector registered to vote for the first time in this state by mail and has not previously provided the identification required by Code Section 21-2-220 and votes for the first time by absentee ballot and fails to provide the identification required by Code Section 21-2-220 with such absentee ballot, such absentee ballot shall be treated as a provisional ballot and shall be counted only if the registrars are able to verify the identification and registration of the elector during the time provided pursuant to Code Section 21-2-419.?

SECTION 40.

Said chapter is further amended by striking paragraph (1) of subsection (a) and subsections (b) and (e) of Code Section 21-2-386, relating to safekeeping, certification, and validation of absentee ballots, and inserting in lieu thereof a new paragraph (1) of subsection (a) and new subsections (b) and (e) to read as follows:

?(a)(1) The board of registrars or absentee ballot clerk shall keep safely and unopened all official absentee ballots received from absentee electors prior to the closing of the polls on the day of the primary or election except as otherwise provided in this subsection. Upon receipt of each ballot, a registrar or clerk shall write the day and hour of the receipt of the ballot on its envelope. The registrar or clerk shall then compare the identifying information on the oath with the information on file in his or her office, shall compare the signature or mark on the oath with the signature or mark on the absentee elector's application for absentee ballot or a facsimile of said signature or mark taken from said application, and shall, if the information and signature appear to be valid, so certify by signing or initialing his or her name below the voter's oath. Each elector's name so certified shall be listed by the registrar or clerk on the numbered list of absentee voters prepared for his or her precinct. If the elector has failed to sign the oath, or if the signature does not appear to be valid, or if the elector has failed to furnish required information or information so furnished does not conform with that on file in the registrar's or clerk's office, or if the elector is otherwise found disqualified to vote, the registrar or clerk shall write across the face of the envelope 'Rejected,' giving the reason therefor. The board of registrars or absentee ballot clerk shall promptly notify the elector of such rejection, a copy of which notification shall be retained in the files of the board of registrars or absentee ballot clerk for at least one year. Three copies of the numbered list of voters shall also be prepared for such rejected absentee electors, giving the name of the elector and the reason for the rejection in each case. Three copies of the numbered list of certified absentee voters and three copies of the numbered list of rejected absentee voters for each precinct shall be turned over to the poll manager in charge of counting the absentee ballots and shall be distributed as required by law for numbered lists

of voters. All absentee ballots returned to the board or absentee ballot clerk after the closing of the polls on the day of the primary or election shall be safely kept unopened by the board or absentee ballot clerk and then transferred to the appropriate clerk for storage for the period of time required for the preservation of ballots used at the primary or election and shall then, without being opened, be destroyed in like manner as the used ballots of the primary or election. The board of registrars or absentee ballot clerk shall promptly notify the elector by first-class mail that the elector's ballot was returned too late to be counted and that the elector will not receive credit for voting in the primary or election. All such late absentee ballots shall be delivered to the appropriate clerk and stored as provided in Code Section 21-2-390.?

?(b) As soon as practicable after 12:00 Noon on the day of the primary or election, in precincts other than those in which optical scanning tabulators are used, a registrar or absentee ballot clerk shall deliver the official absentee ballot of each certified absentee elector, each rejected absentee ballot, applications for such ballots, and copies of the numbered lists of certified and rejected absentee electors to the manager in charge of the absentee ballot precinct of the county or municipality, which shall be located in the precincts containing the county courthouse or polling place designated by the municipal superintendent. In those precincts in which optical scanning tabulators are used, such absentee ballots shall be taken to the tabulation center or other place designated by the superintendent, and the official receiving such absentee ballots shall issue his or her receipt therefor. In no event shall the counting of the ballots begin before the polls close.?

?(e) If an absentee elector's right to vote has been challenged for cause, a poll officer shall open the envelopes and write 'Challenged,' the elector's name, and the alleged cause of challenge on the back of the ballot, without disclosing the markings on the face thereof, and shall deposit the ballot in the box; and it shall be counted as other challenged ballots are counted. In the case of absentee votes cast on direct recording electronic voting systems, the ballots shall be coded in such a way that the ballot of a challenged voter can be separated from other valid ballots at the time of tabulation and the challenged ballots shall be counted or rejected in accordance with Code Section 21-2-230. The board of registrars or absentee ballot clerk shall promptly notify the elector of such challenge.?

SECTION 41.

Said chapter is further amended by striking Code Section 21-2-390, relating to delivery of election materials to clerk of superior court or city clerk after primary or election, and inserting in lieu thereof a new Code Section 21-2-390 to read as follows:

?21-2-390.

All official absentee ballots and envelopes on which the forms of affidavits and jurats appear shall be delivered to the clerk of the superior court or the city clerk upon the conclusion of the primary or election and shall be safely kept by him or her for the period required by law and then shall be destroyed. The applications for such ballots shall be retained by the board of registrars or the municipal absentee ballot clerk for at least 24 months and then may be destroyed. On the day following the primary or election, the board of registrars or the municipal absentee ballot clerk shall transmit all canceled, spoiled, and rejected absentee ballots and copies of requests for cancellation of absentee ballots to the clerk of the superior court or the city clerk to be held with other election materials as provided in Code Section 21-2-500. The registrars or the municipal absentee ballot clerk shall also transmit an accounting of all absentee ballots, including the number furnished by the registrars or the municipal absentee ballot clerk, the number issued to electors, the number spoiled, and the number rejected.?

Said chapter is further amended by striking subsection (c) of Code Section 21-2-400, relating to duty of superintendent to obtain cards of instruction, blank forms of oaths, and other forms and supplies, and inserting in lieu thereof a new subsection (c) to read as follows:

?(c) The superintendent shall prepare sample or facsimile ballots or ballot labels, as the case may be, for each general election which shall contain each question and the candidates who are offering for election for each office which will be voted upon in the county or municipality. The superintendent shall maintain such sample or facsimile ballots or ballot labels at the county courthouse for distribution upon request to interested electors. Such sample or facsimile ballots or ballot labels shall comply with Code Section 21-2-575.?

SECTION 43.

Said chapter is further amended by striking subsection (a) of Code Section 21-2-405, relating to meeting of poll officers at place of primary or election, an inserting in lieu thereof a new subsection (a) and adding a new subsection (e) to read as follows:

The other required poll officers shall meet in the respective places appointed for holding the primary or election in each precinct at least 30 minutes before the hour for opening the polls on the day of each primary or

election. Before entering upon their duties at any primary or election, all poll officers shall take and subscribe in duplicate to the oaths required by this chapter.?

?(e) Nothing in this Code section shall prohibit a county or municipality from offering poll officers, other than the chief manager and assistant managers, the option of working part of an election day, rather than the entire day from the opening of the polls to the closing of the polls and completion of the required duties following the closing of the polls. In such cases, any poll officer who begins a shift of work after the opening of the polls shall take and subscribe the same oath as required of poll officers in subsection (a) of this Code section and shall handle such duties as assigned by the chief manager.?

SECTION 44.

Said chapter is further amended by striking subsection (c) of Code Section 21-2-408, relating to poll watchers, and inserting in lieu thereof a new subsection (c) to read as follows:

Such designated locations shall include the check-in area, the computer room, the duplication area, and such other areas as the superintendent may deem necessary to the assurance of fair and honest procedures in the tabulating center. The poll watchers provided for in this subsection shall be appointed and serve in the same manner as other poll watchers.?

SECTION 45.

Said chapter is further amended by striking subsection (a) and paragraph (2) of subsection (b) of Code Section 21-2-409, relating to assisting electors who cannot read English or have physical disabilities, and inserting in lieu thereof a new subsection (a) and paragraph (2) of subsection (b) to read as follows:

?(a) No elector shall receive any assistance in voting at any primary or election unless he or she is unable to read the English language or he or she has a physical disability which renders him or her unable to see or mark the ballot or operate the voting equipment or to enter the voting compartment or booth without assistance. The elector shall take an oath that shall be administered to him or her and placed in writing by a manager, giving the reason why the elector requires assistance. The printed name and the signature of such person assisting the elector shall be provided on the oath. Except that an elector who

declares that by reason of blindness he or she is unable to cast a vote as he or she wishes may receive assistance on the basis of the blind elector's declaration without the necessity of an oath. The printed name and the signature of such person assisting a blind elector shall be provided on the declaration.?

?(2) In all other elections, any elector who is entitled to receive assistance in voting under this Code section shall be permitted by the managers to select (1) any elector, except a poll officer or poll watcher, who is a resident of the precinct in which the elector requiring assistance is attempting to vote; or (2) the mother, father, sister, brother, spouse, or child of the elector entitled to receive assistance, to enter the voting compartment or booth with him or her to assist in voting, such assistance to be rendered inside the voting compartment or booth. No person shall assist more than ten such electors in any primary, election, or runoff covered by this paragraph. For the purposes of this paragraph, 'related to such candidate' shall mean the candidate's mother, father, grandparent, aunt, uncle, sister, brother, spouse, son, daughter, niece, nephew, grandchild, son-in-law, daughter-in-law, mother-in-law, father-in-law, brother-in-law, or sister-in-law.?

SECTION 46.

Said chapter is further amended by striking subsection (f) of Code Section 21-2-413, relating to conduct of voters, campaigners, and others at polling places generally, and inserting in lieu thereof a new subsection (f) to read as follows:

Notwithstanding any other provision of this chapter, any elector shall be permitted to be accompanied into the enclosed area and into a voting compartment or voting machine booth while voting by such elector's child or children under 18 years of age or any child who is 12 years of age or younger unless the poll manager or an assistant manager determines in his or her sole discretion that such child or children are causing a disturbance or are interfering with the conduct of voting. Children accompanying an elector in the enclosed space pursuant to this

subsection shall not in any manner handle any ballot nor operate any function of the voting equipment under any circumstances.?

SECTION 47.

Said chapter is further amended by striking subsections (f) and (g) of Code Section 21-2-414, relating to restrictions on campaign activities and public opinion polling within the vicinity of a polling place, and inserting in lieu thereof new subsections (f), (g), and (h) to read as follows:

Judges of the probate court serving as election superintendents shall enter polling places only as necessary to fulfill their duties as election superintendents and shall not engage in any practice prohibited by this Code section.

(g) This Code section shall not be construed to prohibit a poll officer from distributing materials, as required by law, which are necessary for the purpose of instructing electors or from distributing materials prepared by the Secretary of State which are designed solely for the purpose of encouraging voter participation in the election being conducted.

(h) Any person who violates this Code section shall be guilty of a misdemeanor.?

SECTION 48.

Said chapter is further amended by striking Code Section 21-2-417, relating to presentation of identification to poll workers, and inserting in lieu thereof a new Code Section 21-2-417 to read as follows:

- (b) If an elector is unable to produce any of the items of identification listed in subsection (a) of this Code section, he or she shall sign a statement under oath in a form approved by the Secretary of State, separate and distinct from the elector's voter certificate, swearing or affirming that he or she is the person identified on the elector's voter certificate. Such person shall be allowed to vote without undue delay; provided, however, that an elector who registered for the first time in this state by mail and did not provide one of the forms of identification set forth in subsection (a) of this Code section at the time of registration and who is voting for the first time may vote a provisional ballot pursuant to Code Section 21-2-418 upon swearing or affirming that the elector is the person identified in the elector's voter certificate. Falsely swearing or affirming such statement under oath shall be punishable as

Such ballots shall be separated and held apart from other provisional ballots cast by electors during normal poll hours.

(e) The registrars shall establish a free access system, such as a toll-free telephone number or Internet website, by which any elector who casts a provisional ballot in a primary or election, or runoff of either, in which federal candidates are on the ballot may ascertain whether such ballot was counted and, if such ballot was not counted, the reason why such ballot was not counted. The registrars shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by such free access system. Access to such information about an individual provisional ballot shall be restricted to the elector who cast such ballot.

(f) At the time an elector casts a provisional ballot, the poll officers shall give the elector written information that informs the elector of the existence of the free access system required by subsection (e) of this Code section by which the elector will be able to ascertain if his or her ballot was counted and, if such ballot was not counted, the reason why such ballot was not counted.

(g) Failure to establish such free access system shall subject the registrars and the county by which the registrars are employed to sanctions by the State Election Board.?

SECTION 50.

Said chapter is further amended by striking subsection (c) of Code Section 21-2-438, relating to ballots identifying voter, not marked, or improperly marked declared void, and inserting in lieu thereof a new subsection (c) to read as follows:

?(c) Notwithstanding any other provisions of this chapter to the contrary and in accordance with the rules and regulations of the State Election Board promulgated pursuant to paragraph (7) of Code Section 21-2-31, if the elector has marked his or her ballot in such a manner that he or she has indicated clearly and without question the candidate for whom he or she desires to cast his or her vote, his or her ballot shall be counted and such candidate shall

receive his or her vote, notwithstanding the fact that the elector in indicating his or her choice may have marked his or her ballot in a manner other than as prescribed by this chapter.?

SECTION 51.

Said chapter is further amended by repealing and reserving Part 4 of Article 11.

SECTION 52.

Said chapter is further amended by striking subsection (g) of Code Section 21-2-480, relating to form and arrangement of optical scanning voting equipment, and inserting in lieu thereof a new subsection (g) to read as follows:

?(g) When presidential electors are to be elected, the ballot shall not list the individual names of the candidates for presidential electors but shall list the names of each political party and body and the names of the political party or body candidates for the office of President and Vice President. The individual names or the nominees of each political party or body for such offices shall be posted at each polling place with the sample ballots required by subsection (c) of Code Section 21-2-375 arranged alphabetically under the names of the candidates of the party or body for President and Vice President of the United States. A vote for the candidates for President and Vice President of a political party or body shall be deemed to be a vote for each of the candidates for presidential electors of such political party or body.?

SECTION 53.

Said chapter is further amended by striking Code Section 21-2-482, relating to absentee ballots for precincts using optical scanning voting equipment, and inserting in lieu thereof a new Code Section 21-2-482 to read as follows:
?21-2-482.

Ballots in a precinct using optical scanning voting equipment for use by absentee electors shall be prepared sufficiently in advance by the superintendent and shall be delivered to the board of registrars as provided in Code Section 21-2-384. Such ballots shall be marked 'Official Absentee Ballot' and shall be in substantially the form for ballots required by Article 8 of this chapter, except that in counties or municipalities using voting machines, direct recording electronic (DRE) units, or optical scanners, the ballots may be in substantially the form for the ballot labels required by Article 9 of this chapter or in such form as will allow the ballot to be machine tabulated. Every such ballot shall have printed on the face thereof the following: 'I understand that the offer or acceptance of money or any other object of value to vote for any particular candidate, list of candidates, issue, or list of issues included in this election constitutes an act of voter fraud and is a felony under Georgia law.'

The form for either ballot shall be determined and prescribed by the Secretary of State.?

SECTION 54.

Said chapter is further amended by striking subsection (g) of Code Section 21-2-483, relating to the counting of ballots, and inserting in lieu thereof a new subsection (g) to read as follows:

?(g)(1) The precinct tabulator shall be programmed to return to the voter at the time that the voter inserts the ballot any ballot on which an overvote is indicated, along with any ballot that cannot be processed by the tabulator for reevaluation or correction or spoiling of the ballot, and a new ballot shall be issued if the voter desires to vote another ballot in order to correct mistakes, overvotes, or other problems.

(2)(A) The central tabulator shall be programmed to reject any ballot, including absentee ballots, on which an overvote is detected and any ballot so rejected shall be manually reviewed by the vote review panel described in this Code section to determine the voter's intent as described in subsection (c) of Code Section 21-2-438.

(B) In a partisan election, the vote review panel shall be composed of the election superintendent or designee thereof and one person appointed by the county executive committee of each political party and body having candidates whose names appear on the ballot for such election, provided that, if there is no organized county executive committee for a political party or body, the person shall be appointed by the state executive committee of the political party or body. In a nonpartisan election, the panel shall be composed of the election superintendent or designee thereof and two electors of the county, in the case of a county election, or the municipality, in the case of a municipal election, appointed by the chief judge of the superior court of the county in which the election is held or, in the case of a municipality which is located in more than one county, of the county in which the city hall of the municipality is located. The panel shall manually review all ballots rejected by the tabulator under subparagraph (A) of this paragraph and shall determine by majority vote whether the elector's intent can be determined as described in subsection (c) of Code Section 21-2-438 and, if so, said vote shall be counted as the elector intended. In the event of a tie vote by the vote review panel, the vote of the election superintendent or designee thereof shall control.?

SECTION 55.

Said chapter is further amended by striking subsections (c) and (e) of Code Section 21-2-493, relating to computation, canvassing, and tabulation of returns, and inserting in lieu thereof new subsections (c) and (e) to read as

follows:

?(c) In precincts in which paper ballots have been used, the superintendent may require the production of the ballot box and the recount of the ballots contained in such ballot box, either generally or respecting the particular office, nomination, or question as to which the excess exists, in the discretion of the superintendent, and may require the correction of the returns in accordance with the result of such recount. If the ballot box is found to contain more ballots than there are electors registered in such precinct or more ballots than the number of voters who voted in such precinct at such primary or election, the superintendent may, in his or her discretion, exclude the poll of that precinct, either as to all offices, candidates, questions, or parties and bodies or as to any particular offices, candidates, questions, or parties and bodies, as to which such excess exists.?

?(e) In precincts in which paper ballots have been used, the general returns made by the poll officers from the various precincts shall be read one after another in the usual order, slowly and audibly, by one of the assistants who shall, in each case of a return from a precinct in which ballots were used, read therefrom the number of ballots issued, spoiled, canceled, and cast, respectively, whereupon the assistant having charge of the records of the superintendent showing the number of ballots furnished for each precinct, including the number of stubs and unused ballots and spoiled and canceled ballots returned, shall publicly announce the number of the same respectively; and, unless it appears by such number or calculations therefrom that such records and such general return correspond, no further returns shall be read from the latter until all discrepancies are explained to the satisfaction of the superintendent.?

SECTION 56.

Said chapter is further amended by striking subsections (a) and (c) of Code Section 21-2-495, relating to procedure for recount or recanvass of votes, and inserting in lieu thereof new subsections (a) and (c) to read as follows:

?(a) In precincts where paper ballots have been used, the superintendent may, either of his or her own motion or upon petition of any candidate or political party, order the recount of all the ballots for a particular precinct or precincts for one or more offices in which it shall appear that a discrepancy or error, although not apparent on the face of the returns, has been made. Such recount may be held at any time prior to the certification of the consolidated returns by the superintendent and shall be conducted under the direction of the superintendent. Before making such recount, the superintendent shall give notice in writing to each candidate and to the county or municipal chairperson of each party or body affected by the recount. Each such candidate may be

present in person or by representative, and each such party or body may send two representatives to be present at such recount. If upon such recount, it shall appear that the original count by the poll officers was incorrect, such returns and all papers being prepared by the superintendent shall be corrected accordingly.?

?(c) Whenever the difference between the number of votes received by a candidate who has been declared nominated for an office in a primary election or who has been declared elected to an office in an election or who has been declared eligible for a run-off primary or election and the number of votes received by any other candidate or candidates not declared so nominated or elected or eligible for a runoff shall be not more than 1 percent of the total votes which were cast for such office therein, any such candidate or candidates receiving a sufficient number of votes so that the difference between his or her vote and that of a candidate declared nominated, elected, or eligible for a runoff is not more than 1 percent of the total votes cast, within a period of two business days following the certification of the election results, shall have the right to a recount of the votes cast, if such request is made in writing by the losing candidate. If the office sought is a federal or state office voted upon by the electors of more than one county, the request shall be made to the Secretary of State who shall direct that the recount be performed in all counties in which electors voted for such office and notify the superintendents of the several counties involved of the request. In all other cases, the request shall be made to the superintendent. The superintendent or superintendents shall order a recount of such votes to be made immediately. If, upon such recount, it is determined that the original count was incorrect, the returns and all papers prepared by the superintendent, the superintendents, or the Secretary of State shall be corrected accordingly and the results recertified.?

SECTION 57.

Said chapter is further amended by striking Code Section 21-2-499, relating to duty of Secretary of State as to tabulation, computation, and canvassing of votes for state and federal officers, in its entirety and inserting in lieu thereof a new Code Section 21-2-499 to read as follows:

?21-2-499.

(a) Upon receiving the certified returns of any election from the various superintendents, the Secretary of State shall immediately proceed to tabulate, compute, and canvass the votes cast for all candidates described in subparagraph (A) of paragraph (4) of Code Section 21-2-497 and upon all questions voted for by the electors of more than one county and shall thereupon certify and file in his or her office the tabulation thereof. In the event an error is found in the certified returns presented to the Secretary of State or in the

tabulation, computation, or canvassing of votes as described in this Code section, the Secretary of State shall notify the county submitting the incorrect returns and direct the county to correct and recertify such returns. Upon receipt by the Secretary of State of the corrected certified returns of the county, the Secretary of State shall issue a new certification of the results and shall file the same in his or her office.

(b) The Secretary of State shall also, upon receiving the certified returns for presidential electors, proceed to tabulate, compute, and canvass the votes cast for each slate of presidential electors and shall immediately lay them before the Governor. Not later than 5:00 P.M. on the fourteenth day following the date on which such election was conducted, the Secretary of State shall certify the votes cast for all candidates described in subparagraph (A) of paragraph (4) of Code Section 21-2-497 and upon all questions voted for by the electors of more than one county and shall no later than that same time lay the returns for presidential electors before the Governor. The Governor shall enumerate and ascertain the number of votes for each person so voted and shall certify the slates of presidential electors receiving the highest number of votes. The Governor shall certify the slates of presidential electors no later than 5:00 P.M. on the fifteenth day following the date on which such election was conducted. Notwithstanding the deadlines specified in this Code section, such times may be altered for just cause by an order of a judge of superior court of this state.

(c) The Secretary of State shall not count, tabulate, or publish the names of any write-in candidates for whom the notice of intention of candidacy has not been provided in compliance with Code Section 21-2-133.?

SECTION 58.

Said chapter is further amended by striking Code Section 21-2-500, relating to delivery of voting materials, and inserting in lieu thereof a new Code Section 21-2-500 to read as follows:

?21-2-500.

(a) Immediately upon completing the returns required by this article, in the case of elections other than municipal elections, the superintendent shall deliver in sealed containers to the clerk of the superior court or, if designated by the clerk of the superior court, to the county records manager or other office or officer under the jurisdiction of a county governing authority which maintains or is responsible for records, as provided in Code Section 50-18-99, the used and void ballots and the stubs of all ballots used; one copy of the oaths of poll officers; and one copy of each numbered list of voters, tally paper, voting machine paper proof sheet, and return sheet involved in the primary or election. In addition, the superintendent shall deliver copies of the voting machine ballot labels, computer chips containing ballot tabulation programs, copies of

computer records of ballot design, and similar items or an electronic record of the program by which votes are to be recorded or tabulated, which is captured prior to the election, and which is stored on some alternative medium such as a CD-ROM or floppy disk simultaneously with the programming of the PROM or other memory storage device. The clerk, county records manager, or the office or officer designated by the clerk shall hold such ballots and other documents under seal, unless otherwise directed by the superior court, for at least 24 months, after which time they shall be presented to the grand jury for inspection at its next meeting. Such ballots and other documents shall be preserved in the office of the clerk, county records manager, or officer designated by the clerk until the adjournment of such grand jury, and then they may be destroyed, unless otherwise provided by order of the superior court.

(b) The superintendent shall retain all unused ballots for 30 days after the election or primary and, if no challenge or contest is filed prior to or during that period that could require future use of such ballots, may thereafter destroy such unused ballots. If a challenge or contest is filed during that period that could require the use of such ballots, they shall be retained until the final disposition of the challenge or contest and, if remaining unused, may thereafter be destroyed.

(c) Immediately upon completing the returns required by this article, the municipal superintendent shall deliver in sealed containers to the city clerk the used and void ballots and the stubs of all ballots used; one copy of the oaths of poll officers; and one copy of each numbered list of voters, tally paper, voting machine paper proof sheet, and return sheet involved in the primary or election.
